Chief, Services Branch

9 July 1948

Chief, FBIB

Tower and Quonset Hut at FBIB Silver Hill Site.

Confirming conversations between Mr. Eisenmann and [] on this subject, FBIB will consider it's present storage quonset at the Silver Hill site as excess as soon as supplies stored in it have been moved to the new station to be built on the Hedge Neck site. However, it is requested that one of the two towers now standing on the Silver Hill Site be released for FBIB use on the Hedge Neck Site. It is planned, that the Army engineers will dismantle, move and re-erect this tower for FBIB's use on the Hedge Neck site as a part of their overall construction project. It is further requested that the FBIB quonset be released only on this condition.
